

Election Next Monday on Supervisor's Position

ROMULUS — A run-off election to determine Romulus Township's new supervisor will be held next Monday, May 19.

Some 7,400 persons are eligible to cast ballots that will name the successor who will fill the unexpired term of former Township Supervisor Edmund Bizek.

Bizek resigned from the \$17,500 post following his

election to the new 26-member Wayne County Board of Supervisors.

His official resignation was in January and the township has been operating under the Township Board's action without a supervisor.

At the primary election held on April 28, Roderick E. Smith, 53, current township trustee and former township

clerk, defeated his four opponents.

HE WAS opposed by present Democratic trustees, Jimmie Raspberry, Ellis T. Pennington, James C. Stewart and Township Clerk Alfred J. Perry. Trustee Joseph Wallis did not seek the post.

Smith according to township's veteran politicians,

is the new supervisor unless a sticker candidate brings about his defeat.

Both the April 28 primary and May 19 general elections were scheduled by Governor William Milliken when the Township Board failed to appoint a successor to fill the unexpired term that runs to November, 1970.

The board had 45 days to

perform this task after Bizek resigned. All members of the board sought the position but were unable to muster the necessary four vote majority of the board for their own appointment so orders for the election followed.

SMITH'S PRIMARY vote totaled 603 votes. Election officials were disappointed at the vote turn out. Slightly more than a third of the

township's electorate went to the polls.

The May 19 election must be held as sticker candidates may enter the race on the Republican ticket.

The supervisor is elected on a partisan basis thus required both a primary and general election, Township Clerk Alfred J. Perry, reported.

The vote returns of the candidates at the primary ranged from 608 down to 408 votes.

SMITH HAS been a resident of the community for the last twenty-four years.

He and his wife, Margaret, are the parents of seven children. The Smiths reside at 7300 Taft, Inkster.

He is presently employed as a sales and service representative for the Equitable Life Assurance Society of Detroit when not busy with township affairs.

He was township clerk in 1959, 1961, 1963 and 1965 when he resigned to enter private business.

Need for New School Levy Cited By Romulus Schools

McConeghy Gives Reasons for Plea Voters to Decide June 9 On Question and Fill Posts

BY HENRY CANTIN
ANP Staff Writer

ROMULUS—Voters of the Romulus Community School District are being asked to decide a Millage Proposition calling for an additional assessment of four mills for one year only for school operations at the June 9 School Election.

In addition, voters will vote to fill two expiring four-year terms on the School Board. Some 7,400 persons are eligible to vote.

As of Monday, May 12, deadline for filing petitions for the school board, the two incumbents have filed petitions seeking re-election. They are:

Carl W. Morris, currently vice-president of the School Board and Jason Lovette, school board trustee.

IN COMMENTING on the four mill levy, Robert L. McConeghy, school superintendent stated:

Last June the Romulus Board of Education asked voters to approve an operating millage proposal

which would have authorized a three (3) mill levy for the 1968-69 year and a five (5) mill levy through the 1972 tax year.

At that time, the Board advised the voters that approval of the millage was imperative if the "present program" was to continue.

The voters turned down that request, and as a result the Board had no alternative except to cut-back in all areas of the operating budget to keep expenditures within current revenues.

Romulus Parents Hear Panel on Drug Abuses

ROMULUS—Spurred by recent developments in the area related to drugs and drug usage prompted an outstanding panel program at Mt. Pleasant Elementary School on May 29th.

Sponsored jointly by the Western Wayne County YWCA and the Romulus Area PTA Council the program consisted of a group of three distinguished professionals who deal with drugs and drug users in various stages.

Eugene Dembicki, pharmacist at Lafayette Clinic, shocked the audience by informing them that current users are coming from the fifth and sixth grade levels of elementary children.

Romulus Proclaims Dystrophy Month

ROMULUS—Romulus Township officials have proclaimed Muscular Dystrophy Month throughout Romulus township in ceremonies held at the Township Hall. A proclamation designating Muscular Dystrophy Month was signed by Township clerk Alfred J. Perry and township treasurer Joseph Wallis.

It called upon the people of Romulus to support the 1969 March appeal by Muscular Dystrophy Associations of American, Inc.,

The annual drive, which begins May 15 and extends through June 15, seeks funds to support and all-out research attack against the

“Youngsters have knowledge without wisdom,” said Dembicki, “Drug users do not recognize the previous boundaries of poverty or race,” he said.

COMMON HOUSEHOLD medicines and patent products are being abused by youngsters who, according to Dembicki, have the knowledge as to how to mis-use them to their own peril.

Dr. Kemal Goknar, psychiatrist from the Northville State Hospital, spoke about the conditions that often lead to drug

crippling, muscle-wasting disease and to provide clinic and patient services.

Some 250,000 Americans are victims of Muscular Dystrophy, most of them children, in whom it is nearly always fatal. Neither the cause of the disease nor an effective treatment for it has yet been found.

experimentation and the results he sees in his work at the hospital that are directly related to drug using.

Parents were given the charge of being alert to the type of behavior that might precede drug experimentation.

According to Dr. Goknar, a problem youngster will have been creating problems long before he had an opportunity or inclination to use drugs.

Corrective measures should be undertaken when the child is young, he said. A withdrawn, sullen and silent teen-ager would warrant concern and close observation; a change in personality and attitude with high and low emotional peaks should alert the parent that something is wrong.

CARL RATLIFF, Referee from the Wayne County Juvenile Court, was the third panelist, he described procedures of the court and the rights of the juvenile, explaining that persons are considered to be juveniles and come under the protection of the court until they are 20 years of age.

Ratliff advised parents to contact the Youth Officer of their local police if they feel their youngster is becoming involved in drug usage.

He also advised that should one be suspicious of a neighbor or have knowledge concerning illegal drug usage that they should contact the

AREA EDUCATORS IN ATTENDANCE

Ford's School Conference Held in Washington

WASHINGTON, D. C. - Thirty-nine delegates representing 14 school districts participated in Congressman William D. Ford's Fifth Annual School Officials Conference held during the week of May 7-9.

The annual program is conducted by Congressman Ford to keep school officials in his 15th Congressional District informed on Federal

programs designed to aid local school districts. This year's conference was held in conjunction with Congressman John D. Dingell, of the neighboring 16th Congressional District.

The conference opened with welcoming addresses by Congressmen Ford and Dingell. The delegates then heard talks by Dr. Wayne O. Reed, Associate Commissioner of Education

for Federal-State Relations, and by Dr. Leon P. Minear, Director of the Division of Vocational and Technical Education in the Office of Education.

legislation, told the delegates that the United States must be prepared to spend a greater share of its Gross National Product on education, or face the prospect of becoming a second-rate power in the world by the end of this century.

He proposed that local property taxes be dropped as a means of financing education, and suggested that the Federal Government take on greater responsibility for seeing that all children obtain the best possible education.

Commenting on the wave of student unrest and campus violence, Cohen declared that he opposed it as strongly as anyone, but added: "We must recognize that the students have much to be dissatisfied with in today's world."

DURING THE afternoon session, the delegates heard from Charles Rippey, Chief of the Policy and Standards Division in the Labor Department's Office of Manpower Administration; Congressman Neal Smith (Democrat-Iowa) a member of the Education Appropriations Subcommittee, and Dr. Ralph Steffek, of Eastern Michigan University.

Friday morning speakers included Dr. Robert Peterson,

Acting Chief of the Center for Studies of Narcotics and Drug Abuse; Ralph Susman, Deputy Director of the Office of Juvenile Delinquency and Youth Development, and I. M. Greenberg, Director of the Defense Department's Project 100,000 - a program to lower educational standards to take in 100,000 additional men a year in the Armed Forces, and then provide them with intensive courses in basic education.

Delegates to the conference from area Communities and their families, included:

HURON: Carl T. Renton, assistant superintendent of schools; and Luke Wegienka, administrative assistant.

ROMULUS: Carl W. Morris, vice-president, board of education; and Lorena G. Burton, Federal and State Coordinator.

VAN BUREN: Dale E. Kaulitz, superintendent; Charles W. Bole, president, board of education; Chauncey D. Schweigert, trustee, board of education; and Mrs. Doris J. Roe, trustee, board of education.

Twin Sisters Celebrate 85th Birthday

Romulus is proud to boast of its twin sisters—the community's only look-alike senior citizens who, just two days ago, reached another milestone in their lives—their 85th birthdays. Mrs. Adah Spear and Mrs. Edah Theisen, both still enjoying excellent health, live together at 11993 Olive street, Romulus. About a year ago they made the move from their home on Goddard road so as to be more conveniently located to the downtown area and to be more comfortably housed.

Born May 12, 1884, in Coldwater, Michigan, the fraternal twins still enjoy playing cards with a pedro club which was organized in 1945. They also manage to keep busy in their garden and with their hobbies—sewing and crocheting.

Niram Spear who died in 1950, is the mother of three children, (one deceased), 13 grandchildren, and six great-grandchildren.

Also a widow, Mrs. Theisen has four children, 10 grandchildren and 15 great-grandchildren. Her husband, George, passed away in 1957.

Sunday the ladies enjoyed visits throughout the day from friends, relatives, and neighbors. They also were honored guests at a dinner outing planned by Mrs. Spear's grandson and wife, Mr. and Mrs. Lawrence Dziobak, of Garden City, prior to their big day.

The Associated Newspapers—the Romulus Roman and Belleville Enterprise—are proud to salute the twins as they reach for another happy year and 86!

Congresswoman Martha Griffiths (D) 17th District of Michigan, who serves on the House Ways and Means Committee, discussed pending tax-reform legislation and its relation to local school tax policies.

Howard P. Davis, Deputy Administrator for Consumer Food Programs, outlined the Federal school lunch program.

GUEST SPEAKERS at a noon luncheon were Wilbur Cohen, former Secretary of Health, Education and Welfare, and newly appointed Dean of the School of Education at the University of Michigan; Congressman Carl Perkins, of Kentucky, Chairman of the Education and Labor Committee, and Dr. Lynn M. Bartlett, former Michigan Superintendent of Public Instruction, former Assistant Secretary for Education in the Department of Health, Education and Welfare and now a consultant in the Office of Education.

NOW, ONE year later, the Board of Education is again seeking voter approval of millage at the Regular Election on June 9, 1969. At its regular meeting on April 21, 1969, the Board passed a resolution placing a "four (4) mills for one (1) year" proposal on the ballot. Why one year?

Everyone is aware of the acute financial crisis facing Michigan schools.

The Legislature is presenting trying to arrive at a State Aid formula for the 1969-70 school year. All indications point to a formula which will be close to the budget recommendations of Governor Milliken which provides a minimum increase.

Governor Milliken has appointed a committee with the charge to recommend for legislative consideration, a complete revamping of State

Aid for Schools. The Governor has stated he will call a special session of the legislature, if necessary to consider this recommendation.

WITH THIS new formula a distinct possibility for the 1970-71 school year, and the fact that five (5) operating mills will expire with the 1969 tax levy, the Board of Education felt that all these factors should be considered and a decision made next year as to what operating millage will be necessary in the immediate future.

If the voters approve the four (4) mills the Board has made a commitment to restore all items cut from the 1968-69 operating budget. This means:

Reduction of class loads; Restoration of field trips; Reinstatement of Special Education Programs; A full inventory of text books and teaching supplies; A full program of Instrumental and Vocal Music, Art and Physical Education for Elementary students (providing the required number of teachers can be hired) A full program of Junior and Senior High School Athletics.

IT SHOULD be noted that unless a reserve football program can be instituted next year, consideration must be given to cutting out Varsity Football, also.

Approval of the four (4) mills will also provide revenue for increased operational costs for 1969-70 when it is estimated that an additional 400 students will attend Romulus schools.

NEEDS HAVE EXPANDED

Romulus Thrift Shop Seeks More Help

ROMULUS—"I was hungry and you fed me, I was naked and you clothed me." "Whatever you do for the least of my little ones, you do for me."

Keeping in mind these words from the Bible, the volunteer workers at the Helping Hand Thrift Shop would like to thank Romulus residents and adjoining neighbors for their contributions of clothing and household items which are being distributed to the needy families of this area without charge.

These articles are not given away indiscriminately, however, but only upon receipt of a referral card from the school or public health nurse, ADC worker, Principals, Federal Co-ordinator, Action Center, and other authorized personnel.

Persons knowing anyone in need of such assistance are asked to refer them to one of the groups listed above. Persons in need may obtain summer clothing now by

Luncheon Set for May 16

requesting a referral slip from one of the above mentioned. The Thrift Shop is closed during the summer.

THE THRIFT SHOP urges local persons in need of clothing not to be bashful but to come. The shop personnel can only do a good job by persons making them aware of their needs. Who is eligible? Persons on Social Security, Old Age Pensions, Retirement Benefits, Workman's Compensation, or a steady worker with prolonged family medical bills, which limits his clothing allowance for family members, etc.

The Thrift Shop asks no questions of its "customers", except to list their names, ages and school attended. Only the referral cards are required.

The Thrift Shop volunteers, up to now, have not only given of their time but they have purchased the necessary supplies as well. However, because of great expansion, they feel they can no longer do this and are asking for HELP — from individuals or from local clubs and organizations.

A SEWING PROJECT begun recently by volunteers, Mrs. Blanton and Mrs. Pritula, would be a good example of why this help is needed. In order to do their work properly they are in need of used sewing machines (even treadle), new yard goods, (flannel, cotton, etc.), yarn,

buttons, snaps, thread, scissors, rick-rack, bias tape, etc. All of these items are needed if the ladies are to continue with their project of making baby layettes, aprons, pillow cases, dresses, etc.

The "Shop" is also needing new clothing for pre-school children for it feels a child should have a new dress or pair of trousers when he or she attends Head-Start this summer. Children play and get along much better in school if they have pride in their appearance, authorities have found.

Most recent project of the Thrift Shoppers is the giving of layettes to new mothers. They ask the question, Wouldn't it be nice if these mothers could dress their babies in new clothing for that first important introduction to the family?

THEY SUGGEST that local groups can make this possible - or individuals - by sewing at home, having a baby shower, setting up a collection box through school or church, getting a group together to sew.

"I was hungry and you fed me, I was naked and you clothed me. Whatever you do for these, the least of my little ones, you do for me."

Donations may be brought to the Thrift Shop on Thursdays from 9 a.m. to 3

p.m. or mailed to Special Services, in care of the Helping Hand Thrift Shop, 7335 Washington Street, Wayne, Michigan, 48184.

For further information, phone 941-1204 or 941-3036.

The Campus Needs Some Leadership

Across the country today our colleges and universities are undergoing the torment of strife, turmoil and anarchy. At first it was demonstrations, and while these were disruptive, at least they were for the most part relatively peaceful. Now, however, the presence of guns on campus is beginning to be a commonplace thing, with administrators forced into compromises and agreement to demands while looking down the barrel of a shotgun.

All the while this is taking place, a lack of leadership is apparent from the top to the bottom. Radical groups such as Students for a Democratic Society, with definite leftist or communistic leanings and the Afro-American Society (now known as the Black Liberation Front) are using the slogan of "academic freedom" to destroy our institutions of learning. While shouting down the "silent majority" who are eager for an education and being deprived of it, the "militant few" deny others the same "freedom" they demand for themselves.

Leadership is needed. Authority must be reasserted by those who are being paid by the taxpayers to preserve our educational institutions. Most of us have children who someday hope for a college education. Will it be at the great centers of learning we have known, or will it be sitting in the ashes of buildings destroyed by an infinitesimal number of radicals and revolutionaries who cloak their devious plans in euphemistic slogans?

No doubt some reform in our universities is needed and dissent and orderly demonstration must be protected. But not at the cost of destruction, bloodshed and bargaining while looking down the barrel of a shotgun.

Has America run out of courageous men who will stand up against the threats of destruction and fulfill their place of leadership? We hope not!

A Parade Fosters Pride and Respect

Everybody loves a parade and the fact that the City of Wayne will not be the scene this year of a Memorial Day Parade has greatly disturbed the City Fathers and others who have annually looked forward to such events.

Why the City of Wayne will not have a Memorial Day Parade for the first time in many years is due to a planning decision which was made a year ago by the veterans' groups in the area. The City was officially informed of the plans to move this year's Memorial Day Parade to the City of Westland by letter from the veterans at the time the decision was made by them but apparently the communication made little impact on the City Council at that time.

The Council has since made its chagrin known on the matter and is redoubling its efforts to have its Memorial Monument Committee, appointed last year and still active, come up as soon as possible with plans for the monument.

This past week's signing of the contract for the development of the City's downtown Urban Renewal section is an important step in the project plans for a suitable war memorial for the community. The monument will likely be located somewhere in the downtown section which will be developed by the Metro Place, Inc. Architect for Metro Place, Joseph St. Cyr, will undoubtedly be able to contribute substantially to the design plans for such a monument and help assure that its location lends itself well with the total concept of the new downtown development.

The four men serving on the City's Memorial Committee are hard at work contacting the veterans' groups and formulating ideas for the monument. Their work is perhaps the most difficult because it also entails the problems of how such a monument will be financed. With strong backing from the City, the financial problems of the Memorial Committee should be aided immeasurably. However, a general

A Good Omen

A strong field of candidates for two seats on the Wayne Community School District Board of Education appears to be developing, and for once, a goodly number of Westland residents seem to be interested in the posts.

In the past it often seemed that residents of the City of Wayne dominated the board of education races while the greater number of students and schools are in Westland.

What we know of the announced candidates, whatever City they are from, we like. The voters ought to have a very real and important choice to make.

conscription movement to raise funds has not been completely ruled out and organizations and individuals will undoubtedly be called upon to lend their support to the venture.

The fact that the City of Westland has a War Memorial now under construction that is expected to be ready for dedication on Memorial Day to provide a focus and climax to the parade and ceremony planned there makes it all the more appropriate and meaningful that veterans' groups selected this community for the parade this year.

We hope that 1970 will see a War Memorial erected in Wayne in time to provide a focal point for a return of the Memorial Day Parade to this community. We know that City officials are interested in seeing the parade returned to the City and are working with their Committee on plans for a Memorial Monument. All citizens should get behind these efforts, since the purpose and object can only help foster pride and respect in the community.

REFLECTIONS

A Mother's Day Lament

By JOYCE HAGELTHORN

It's over! Mother's Day, that is.

I don't know how most mothers feel about that day, but I'm always relieved when it's over and everyone is still living and in their right minds.

I don't think kids could stand more than one day of being kind to mother... somebody would be sure to blow his stack. Actually, someone almost did at our house.

I had been upstairs, and when I came down into the living room there was my most volatile kid, kneeling on the floor, with his head under the sofa cushions.

"What are you doing?" I asked.

"I'm going to kill somebody," he muttered. "I swear I'm going to kill somebody."

"That's interesting," I said to him. "but why the sofa cushions on the head?"

"So I won't blow my mind before Mother's Day is over," he retorted.

Mother's Day this year started the same way Mother's Days always start... with Papa planting a big fat kiss on the forehead; and allowing as how it was Mother's Day, mother should stay in bed.

Now, this is a good deal if you've only been a mother for about six months... but after 23 years of motherhood.

After he planted the kiss and left the room, shutting the door gently, this mother got herself set for the onslaught. Muscles tense, teeth gritted, I waited... and sure enough, it took only three minutes.

"Don't disturb your mother," he shouted into each bedroom on his way downstairs. "She's sleeping."

That was the cue. The door flew open so fast the doorknob fell to the floor with a mighty clatter, and I was tackled with flying arms and legs and juicy kisses that smelled like chocolate cherries.

"Where'd you get the candy?" I asked.

"Freddy got it for you for Mother's Day," she said, "but we ate it."

My kids all known how calorie-conscious I am... but it's the thought behind the gift, anyway.

"Can I fill the wading pool?" she asked.

"No, it's too early in the morning... and too cool," I said, disentangling myself, but I needn't have bothered, because as soon as

she heard "no" she turned a mighty flip into the air, and tore out the door.

"I hate your guts!" she shouted. "And I hope you don't have a happy Mother's Day."

Two seconds later a tearful little face peered around the door.

"I really don't hate your guts," she whispered. "I'm sorry. I love you."

Naturally I beckoned her over and gave her a big hug and a fat kiss and refrained from smacking her on the fanny. She lifted her little face to mine and said,

"Can I fill the wading pool?"

Five minutes after the next siege she brought in a lovely bouquet of tulips with the roots hanging on.

"David wants to know how long Mother's Day is?" she said, dumping the flowers inelegantly on my lap.

"Only about 12 hours," I sneezed through the dirt. "Why?"

"Cause he wants to beat up on Allan," she answered.

Picture this, all you law-and-order fans:

Willie Chambers is driving down the main street of one of our largest cities. He's in a "right turn only" lane but he doesn't want to turn. There's a traffic officer standing in front of Willie's car, telling him he'd darn well better turn.

"Nuts to you," mutters Willie as he guns his car straight ahead, nudging the cop with a fender and knocking him flat.

The officer quickly jumps into a passing car and takes out after Willie. He catches him within four blocks.

So what happens next? Willie is arrested, of course. He goes to jail until he makes bail. He must face a judge and defend himself against the serious charge of assaulting an officer. It could have been worse. The cop suffered only head and body bruises which were quickly treated at a hospital. He might have been killed and the charge would have been manslaughter.

There is one thing about this case: Willie is black and the cop is white. This makes no legal difference, of course, but everyone involved is very careful. A common charge made these days usually

by white conservatives, is that Negroes often get favored treatment from judges who lean backward trying to prove justice is blind. And another common charge, this one usually made by black militants, is that police are brutal bigots who often use Negroes for punching bags.

So the authorities play it cool, right down the middle. Willie gets treatment equal to what would be given an important white man in the same sort of trouble. If a congressman had run down that cop, he would have received the same fair shake given Willie.

Like hell.

I MADE UP Willie Chambers. He never existed. But Charles E. Chamberlain does exist. He is a Republican congressman from Michigan. And he DID deliberately disobey the law and run his car into a cop. In downtown Washington, D.C., Chamberlain did exactly what fictional Willie did. Two witnesses and the bruised policeman said so, and their testimony is on record.

So what happened to the congressman? Nothing. The minute it became known that Chamberlain was a big shot, his case was shifted from the ordinary channels to something called the Corporation Counsel's Office. A closed hearing

By JIM FITZGERALD

was held. Chamberlain was white-washed. Not one lousy charge was placed.

A Washington law official even said the cop was at fault for getting in the way of Chamberlain's car. Which is hogwash but, even if true, does it justify hitting and running?

The whole mess stinks, but it is a familiar smell. Nothing new at all. Justice is not blind in the United States. Anyone who claims every man is created equally is full of beans. The rich bigshots get an entirely different deal than that given Joe Slob. Joe goes to jail. Bigshot goes home and dies of old age before the courts catch up with him.

The Chamberlain case is simply the latest example of a corrupt system. It is particularly nauseous because Chamberlain has always been hot for law-and-order-and-let's-make-the-streets-safe. Phooey. If he were any kind of a man, let alone a decent congressman, he would insist that he face charges. Instead, he sits in his fancy office, high above the peasants, and has "no comment" on his run-in with the law.

It is no wonder that so many people distrust the law. Why shouldn't they, when laws are made by such phonies as Chamberlain?

Wisdom On Taxes Is Needed

By DICK MCKNIGHT

To those of us in Western Wayne County who even faintly follow the progress and problems of our schools, it seems almost unbelievable sometimes that the state legislature has not found time or motivation for passing fiscal reform for education.

Perhaps we of this area are so acutely aware of what is about to befall our schools that we can't believe the farmer won't listen to us when we tell him his barn is burning.

Not that our own area representatives have been lax. On the contrary, with rare lapses, legislators of our area have worked diligently to do something about property taxation inequities.

But, as State Senator William Faust pointed out at a recent conference of school officials, if there isn't enough legislative support in Lansing, no amount of coercion by our local representatives is going to do any good.

State Senator N. Lorraine Beebe, a Republican who represents small parts of our local area, was put in the position, at the same time, of having to back up Governor William G. Milliken's plan to have yet another commission make another study of fiscal reform needs for education in Michigan.

What could Senator Beebe say when Dr. Robert Anderson, superintendent of Westwood Community Schools, told her, bluntly, that next year would be too late for his district, or for the Inkster Public schools? Too late. No money.

Senator Beebe did say that a special session of the legislature this fall might settle the issue in time for some immediate aid. Oh, let's all hope so.

Sadly enough, we simply have to suspect that neither the legislature nor Governor Milliken wants to get saddled with the blame (or credit) for the fiscal reform for education. It is a weakness of the people to remember at election time only that taxes went up, not why they went up.

The taxpayers of this area stand, possibly, even to have their taxes lowered by fiscal reform for education because sharing the costs of education throughout the state might give them a lesser burden than the high millage level puts upon them now.

But in other parts of the state, where millage levels aren't so high, an increase in state income tax, as the Spencer Bill provides, might mean higher taxes. This would happen, for instance, in Dearborn.

So Governor Milliken probably would like to have the legislature initiate and pass fiscal reform rather than take a public stand and push for it himself. The legislature, on the other hand, is responsible to so many different constituencies with so many different viewpoints that getting a coalition together for fiscal reform is a formidable task.

We are hearing quite a bit these days about a taxpayers revolt. Even Congressman William D. Ford (D 15th District) commented at a recent press dinner that our Washington representatives have begun to realize how widespread feeling about high tax levels has become.

We wonder, however, whether it is just taxes in general which have begun to anger the citizens, or the way in which taxes are collected—the inequities of the tax structure.

If we are just going to try to plug the loopholes and cut down some of the more lucrative angles of the federal income tax laws, or if we are going to try to share the educational tax burden more equally, there is some hope.

But if we are looking for a return to days when we didn't have to lay cash on the line for things like education, we are barking up a tree that has long since died.

We think what area citizens want is more wisdom and justice in taxation rather than a free ride.

MY CHEERFUL RESOLVE

I've more than lived my three score years and ten
The Bible limit, so what now then?
I have ten fingers and all my toes,
I see with my eyes and scent with my nose.

Should I bring walking to a stop
And all my activities drop?
Have I prolonged my life too long?
Or should I go on with a song?
I still like to laugh and joke
And play at games with friendly folk.

Perhaps the good Lord wants me here,
Thinks that I can spread some cheer.
In all this world of strife and boom
Thinks there is lots of room
For greetings gay and laughter sound.
So I guess I'll just linger 'round.

Courtesy Prevents Accidents

Many "oldtimers" living in the Detroit metropolitan area will remember the double-decker busses that ran on Jefferson Avenue many years ago. Their safety slogan

"Courtesy Prevents Accidents" printed on the side of every bus is as up to date and just as true today as it ever was.

The Greater Detroit Safety Council in presenting its Defensive Driving Course emphasizes courtesy as a very important factor in accident prevention.

Letter Box

To The Editor:

I would like to urge more parents to go to Belleville High School and ask to read this filthy "literature" that's being passed around by some students. We saw it and it actually sickened us!

We say "three cheers" for our School Board in trying to put a stop to this filth before it sets a precedent. Keep up the good work.

The vast majority of the students and parents are behind you, the School Board and Mr. Ford (John Ford, Principal Ed.) don't let these few "sick parents" get away with this.

PARENTS OF BELLEVILLE CHILDREN

Courtesy, just like measles, is contagious - wherever it is practiced - socially, or behind the wheel of a car.

We all respond to an act of courtesy when driving our cars, just as we are prone to react with a show of temper and irritation when someone cuts in front of us or blows his horn the instant the light turns green, or acts in any one of a dozen other discourteous ways.

WHAT A wonderful world it would be if everyone would be as courteous when driving as he usually is when attending some social affair. If every driver would practice the golden rule - "do unto others as you would have them do to you" many accidents could be prevented.

Courteous driving means:

* Considering the rights of other motorists - and especially pedestrians.

* Obeying traffic laws even when others don't.

* Using common sense at all times.

* Realizing that all drivers aren't as alert as you.

* Turning and changing lanes only after proper signal.

* Entering traffic flow only when the way is clear.

* Stifling the urge to "get even".

* Yielding the right of way whenever possible.

What's Right?

Mr. Ross E. Harlan, utility executive, World War II Air Force veteran and an active leader in youth work, points out a few of the things that are right about America. Here are some of them:

"For every Hell's Angels motorcycle gang, there are thousands of Boy Scouts and Girl Scout troops and Camp Fire Girl groups. For every long-haired, uncouth, repulsive hoodlum, there are untold multitudes of decent, clean, upright young ladies and gentlemen who are the hope of the world. For every school dropout there are countless brilliant students who study infinitely harder than their parents did.

For every crook in business, there are innumerable honorable and upright men who would go bankrupt before they would be dishonest. For every draft card burner, there are thousands of young men...who are giving their last full measure of devotion in duty in...far-off Vietnam.

This is what is right about America."

Howell Church Is Scene Of Nuptials

Following a week-long honeymoon to St. Louis, Missouri and New Underwood, South Dakota, the newly wed Gordon Munsells made their home at 205½ Brooks Street, Howell.

Teena McLaughlin became Mrs. Munsell in an April 26 wedding ceremony at Trinity United Methodist Church in Fowlerville. Some 200 guests were assembled for the two o'clock nuptials which united the daughter of Mr. and Mrs. J. Willard McLaughlin, of 29111 Martinsville Road, New Boston, and the son of Mr. and Mrs. Robert Munsell, of 6850 Mason Road, Fowlerville.

The Rev. H. Gintzer officiated the double ring vows before an altar graced with bouquets of white gladioli and daisies.

ESCORTED TO the altar by her father, the bride appeared in an A-line creation of dotted Swiss styled in floor-length with a high neckline and short puffed sleeves. The high-rise bodice was covered with vertical rows of lace. Designed and

made by the bride, the dress was accessorized with a floor-length veil edged in the same lace used on the bodice. A modified bonnet, of dotted Swiss bordered in lace, secured her veil. A nosegay of white daisies and ivy completed her ensemble.

Martha DeWees, of Taunton, Massachusetts, a college roommate of the bride, headed the bridal coterie as maid of honor. Cindy Dombek, of New Boston, a cousin; Cathy Munsell, of Fowlerville, the bridegroom's sister from Central Michigan University; and Carol Baugh, of La Grange, Indiana, another college roommate, were bridesmaids identically dressed in frocks they each had made.

Fashioned of apple green gingham, the A-line gowns were designed with high necks, short puffed sleeves, and toe-touching skirts. They also wore modified sunbonnets of matching gingham trimmed with fresh white daisies and held little nosegays of yellow daisies, daffodils, and purple hyacinths.

HEADING THE corps of groomsmen was Frank Munsell, brother of the bridegroom from Fowlerville. Others included Timothy McLaughlin, of Allen Park, brother of the bride; Ronnie Mills, of Brinley, cousin of the bridegroom; and Fred Krebs, of Fowlerville. Guests were seated by Gregory Arbogast, of Central Michigan University, and Bradley Arbogast, from the University of Illinois, both cousins of the bride.

Lime green bark cloth was the choice of Mrs. McLaughlin for her daughter's wedding. A crepe frock in lime green print was worn by Mrs. Munsell, mother of the bridegroom. Both added corsages of green cymbidium orchids to their outfits.

A reception for 200 was held in the church dining room following the ceremony. The W.S.C.S. prepared and served supper and Chris and Marie McDonald, of Howell, presided at the punch bowl.

A 1963 graduate of Belleville High School, Teena earned her B.S. degree in animal husbandry at Michigan State University in 1967. She is now working as a 4-H Youth Agent for Livingston County. Her husband, a Howell High School graduate of 1963, is self-employed as a dairy farmer in Fowlerville.

MR. AND MRS. GORDON MUNSELL

All Around The Town

PARTY FOR LINDA

THE YOUNGEST of the three Bonanni girls—eight-year-old Linda—was among the recent first communicants at St. Anthony's Church. She and Kevin O'Keefe were chosen from their second grade class to present the bread and wine at offertory time.

The following day, Sunday, her mother and dad, Carolyn and Fred Bonanni, entertained at a dinner party in their home on Wilmot Road. Guests included Linda's grandparents, the Ernest Gustats, of Belleville, and Mrs. Anna Ruggeri, from Detroit. Also coming out from Detroit were Cecil and Dora Bouchillon and family, Larry and Vilma De Mink and family, and Dino Ruggeri.

Others attending were Hank and Marge Wojcik and family from Milford, the Walter Ward family from Washington, Michigan, and Jerry and Joan Ensley and daughters, from Grand Rapids.

TWIN BILLY and his brother, Shawn, were marking their second birthdays.

OUT AT THE Roger Ferguson home on Crandell court Sunday, May 4, there was a double feature being highlighted. Those cute little twins, Shawn and Shari, were marking their second birthdays.

For the special occasion, Roger and Diane had a group of relatives and friends over for all the traditional birthday goodies including two cakes made and decorated by Grandma Shephard (Mrs. Arthur). Striking their do-re-mi's as the four candles were being huffed at were the Shephards and son, Brian; the Fay Fergusons and daughter, Marie; the Richard Fergusons and daughter, Terri; the Robert Fergusons and daughter, Donna; Pat Sliwa; and, of course, the twins' big brother, Leslie.

Roger Fry , Sandra Mida Wed At Methodist Church

Baskets of chrysanthemums and gladioli and tall, lighted tapers formed the setting April 19 as Sandra Kay Mida and Roger William Fry exchanged wedding vows. The First United Methodist Church of Belleville was reserved for their seven o'clock ceremony officiated by the Rev. Allen B. Rice, II.

The double ring nuptials united the daughter of Mr. and Mrs. Herbert Mida, of 44960 Robson Road, Belleville, and the son of Mr. and Mrs. Charles Fry, of 375 N. Liberty Street, Belleville. Soloist at the wedding was Dean Sanford, of Plymouth, who sang "Because", "The Wedding Prayer", and "The Lord's Prayer".

SOME 350 GUESTS saw Sandra walk to the altar with her father. For her wedding day she selected a toe-touching creation of silk peau de soie with traditional wristpoint sleeves featuring inserted lace studded with seed pearls. Her wedding ring neckline and high rise bodice were covered with appliques of lace and seed pearls with the lace and pearl motif repeated on the chapel train.

Her silk illusion veil drifted to mid-back length from a headress of lace petals embellished with seed pearls. Her bridal bouquet was comprised of white roses and tendrils of ivy surrounding a detachable corsage.

Cindy Matulewicz was home from Central Michigan University at Mount Pleasant to serve as honor attendant at her friend's wedding.

Her clear blue organza gown was styled in the empire mode with puffed sleeves and contrasting buttons. Her headpiece of silk petals was edged with a shoulder-length veil and she held a colonial arrangement of blue and white carnations.

The bride's cousin, June Sherwood, of Belleville, was in an identical ensemble of Mediterranean blue for her role as bridesmaid.

THE BRIDEGROOM'S cousin, Mark Norman, of Romulus, was asked to be best man. The corps of ushers included Bill Mida, and Norman Fry, brothers of the bride; and Jerry Ashby, brother-in-law of the bridegroom, from Ann Arbor.

The V.F.W. Hall, in Romulus, was reserved for the reception which followed. Some 400 guests were greeted by Mrs. Mida in a coat-dress

ensemble of blue lace over an A-line dress of crepe. Her shoes and hat were in matching blue and her handbag and gloves in white. A corsage of blue-tipped carnations completed her outfit.

The bridegroom's mother donned pink lace over taffeta with pink and white accessories and a corsage of pink tipped carnations.

For their honeymoon, the newlyweds traveled northward to Tahquamenon Falls and other points in

Michigan.

Sandra, a 1968 graduate of Belleville High School, is employed at Penny's Department Store at Arborland. Roger, who is also a 1968 Belleville High alumnus, enlisted in the U.S. Navy following graduation. Serving as radioman, he departed for Athens, Greece April 29 and will be stationed at Navcommsta for a period of 18 months to two years. His wife will join him there as soon as arrangements can be made.

WW II Luftwaffe Aircraft Years Ahead of Its Time

THE GERMAN LUFTWAFFE—Almost 25 years have passed in aviation history since the closing of World War II. The years, however, have not dimmed the memories of the war that brought birth of a new era in aviation.

The greatest conflict in man's history was responsible for the acceleration of the progress of men and the flying machines. With the war came demands by all nations for more powerful, faster and deadlier airplanes. The world

had suddenly awakened that the airplane changed the course of history in a matter of days.

When the mighty German war machine steam-rolled over the low countries in late 1939 and overran France, it was evident to a stunned world that the Luftwaffe made these crushing victories possibly so easily.

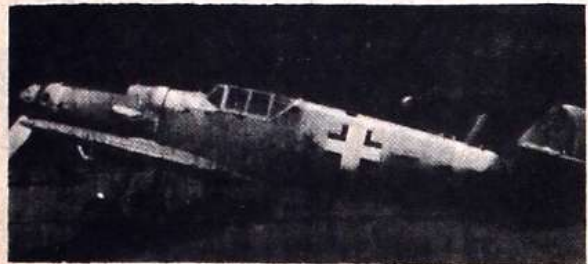

At the time the great war burst into flame the average military airplane in the world was flying at speeds about 250 miles per hour. The

demands of the great conflict created some of the finest aircraft by all nations, and by the time the war ended in 1945, the world saw men fly into combat at thousands of feet above the earth with jet speeds almost 500 miles per hour.

Some of the finest aircraft of this big war were born in Germany. The German Luftwaffe literally shocked the military aviation with the first rocket and jet-powered fighter aircraft, the first

pressurized cockpit on a fighter and the use of high powered cannon in aerial combat. It is now a matter of record and many debates that had the famed ex-paper-hanger made better decisions, the air war in Europe might have been on the records a little differently.

Flying World has brought forth just a few of many outstanding aircraft of the Luftwaffe that, even though they were the enemy, wrote military aviation history in the skies over 25 years ago.

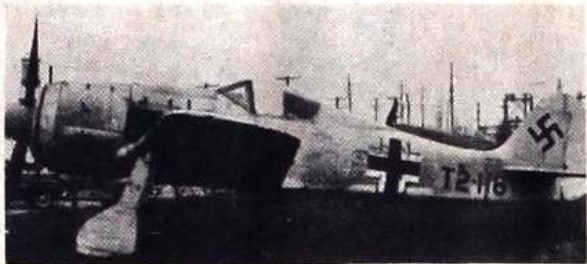

MESSERSCHMITT 109G—Perhaps the most famous of all Luftwaffe fighters, the 109 was the backbone of the German Air Force in the later years of the war. It was a favorite of German fighter pilots.

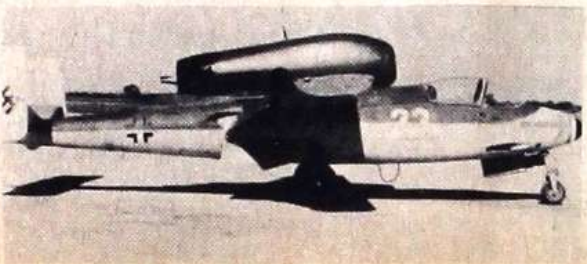

MESSERSCHMITT 163A—The world's first operational rocket-powered fighter to be used in combat. Though its flight duration was only a matter of minutes, it created havoc with huge bomber formations enroute to bomb Germany.

ARADO 234B—Another jet-powered aircraft far advanced in design and engineering. It was the first twin-jet medium bomber in the history of military aviation and could attain speeds of 400 miles an hour with a full bomb load.

FOCKE WOLFE 190W—One of the deadliest of all Luftwaffe fighters, it was especially suited for high altitude performance and was the first-line fighter of the famed Herman Goering Squadron.

HEINKEL 162A—A more advanced design experimental jet fighter that never saw actual combat developed too late in the war and fell into American hands intact. It was, however, far advance in engineering of any other aircraft.

MESSERSCHMITT 262A—This twin-jet fighter was one of the finest aircraft in the German inventory. It was extremely fast and could double as fighter-bomber and was just getting into production when the war ended. Later models were even radar equipped.

HAWAII TO METRO—Special Hula Huts containing up to 5,000 pounds of papaya are loaded aboard a United Airlines DC-8F Jet Freighter at Hilo, Hawaii. Less than hours later this same cargo was being unloaded at nearby Metro Airport.

SAY IT IN GERMAN

"Going to Germany?" asks Lufthansa German Airline hostess Marei Bilke. "Whether you're looking for the excitement of cities like Munich or the scenic splendor of the Bavarian Alps, these easy to remember phrases will help you along the way": "Can you recommend a good hotel?" *Können Sie mir ein gutes Hotel empfehlen?* (KUH-n'n Zee meer ein GOO-tess Hoh-TELL ehmp-FAY-l'n?); "Thank you." *Danke schön.* (Dahn-key SHERN); "Goodbye." *Auf Wiedersehen* (OUF VEE-dehr-ze-hen); "What is this?" *Was ist das?* (Vahss ist dahs?); "How much does it cost?" *Wieviel kostet es?* (VEE-feel KOST-eh ES?); "Why not?" *Warum nicht?* (Vah-ROOM nicht?); "Do you speak English?" *Sprechen Sie English?* (SPREK-eh-n Zee Ang-Glish?). And if you happen to make a mistake in pronunciation, the German word for "oops" is *hoppla!*

The first non-stop transatlantic flight was made from Saint Johns, Nfld. in 1919.

Smooth Landing Is Now Possible In Bad Weather

The Lockheed-California Company says that a reliable automatic flight control system, one which will deliver smooth, on-time landings regardless of weather conditions, is essential for the big new jetliners of the 1970's.

Lockheed's 250-passenger L-1011 TRISTAR will be delivered to the airlines with a fail safe operational capability permitting the pilot, under the worst visibility conditions, to continue his automatic landing through touchdown and rollout without seeing the runway. This could be accomplished even though a portion of the automatic

equipment malfunctions during the final seconds prior to touchdown.

More Paint

Pan American World Airways said that four times as much paint was required to cover its first Boeing 747 as is normally required to paint a 707.

A total of 76 gallons of high quality aircraft paint, the equivalent of 350 pounds, was sprayed onto the 225-foot 747 fuselage and 63-foot high tail.

The familiar blue Pan Am fuselage stripe required 14 gallons. Another seven gallons was used in the black lettering.

Delta Receives Cargo Planes

Delta Air Lines, first airline to place the commercial version of the famed Lockheed C-130 "Hercules" cargo transport into scheduled airline service, has accepted the third of its L-100's (civil nomenclature of the Hercules) returned to Lockheed for a retrofit program to "stretch" the big prop-jets.

Delta's three new L-100-20's will carry an additional freight pallet in a 100-inch longer cargo compartment. The airplane's more powerful engines allow them to fly higher and faster, take off in a shorter length and climb faster.

The retrofit on all three L-100-20's was accomplished at the Lockheed-Georgia Company in Marietta.

Lockheed Builds 'Herky Birds'

The Lockheed-Georgia Company will build 15 search and rescue HC-130N Hercules prop-jets for the Military Airlift Command's Aerospace Rescue and Recovery Service. The new "Herky Birds" will be stationed at strategic points throughout the world as support aircraft in MAC's global air-sea rescue and space operations.

Aircraft Safety Discussion Held

An Air Navigation Conference, now meeting at the Montreal headquarters of the International Civil Aviation Organization, is concerned with the improvement of the safety and efficiency of international air operations.

Theme of the Conference applies specifically to the portion of flight between the end of the initial climb and the beginning of final approach. Under consideration is the operation of supersonic aircraft as well as regular transport and general aviation aircraft.

City Gets \$7,996 in Road Tax

BELLEVILLE — Distribution of record first quarter Motor Vehicle Highway Fund collections to Michigan counties, cities, and villages, has been announced by the State Highway Department.

The net receipts during the first quarter totaled \$131.46 million compared to \$110.76 million in the corresponding period in 1967, Highway Director Henrik E. Stafseth, reported.

The distribution of the fund brought the City of Belleville the sum of \$7,996 as against \$6,823 in 1967.

The highway fund is made up of all state gasoline and diesel fuel taxes and license plate fees.

The refunds are used by recipients for street, road and highway maintenance.

Senior Club To Hear The Trents

BELLEVILLE—Tomorrow's Meeting, Thursday, May 15, of the Belleville Senior Citizens Club will be held at the First Methodist Church of Belleville. The meeting will be held in the Fellowship Hall down stairs. The members may use the new elevator to get to the hall.

A special program with two fine local people who gave up their jobs of postal worker and nurse to train to work as lay missionaries in South America, will tell of their experience.

With "great faith and effort" William and Marybelle Trent have been able to give of themselves to help the very needy people of Chile.

Using their own savings and small income and getting help from several local churches they have spent over two years doing what they could for people.

The Trents have put Belleville on the map as a community that can care about others.

To Speak To Kiwanis

ROMULUS — Thomas W. Cross, CPA, with Touche, Ross, Bailey & Smart in Detroit, will address the Romulus Kiwanis Club at their next meeting on Thursday, May 22, 1969 at 6:30 p.m. at the Metro-Inn, located on I-94.

Cross will speak on the subject, "The Importance of Human Resources."

Standing is our Belleville leader, Chum Stockwell, recently elected secretary. The first annual ball will be held Saturday, June 7.

2,000 Teams of Students Competing in Plymouth's Trouble Shooting Contest

Teams of student mechanics from more than 2,000 high schools and colleges in every state of the Union will compete for \$125,000 worth of prizes in the 21st annual Plymouth Trouble Shooting Contest.

The contest is sponsored by the Chrysler-Plymouth Division of Chrysler Motors Corporation and Plymouth Dealers of America to encourage students with mechanical talent to continue

(Continued below)

their education and pursue careers in the growing automotive service business.

The winning two-man team at each of the 100 regional and state contests being held this spring will compete for \$125,000 worth of scholarships, prizes, trophies and automotive equipment for their schools at the National Finals at the Indianapolis 500 Speedway in mid-June.

Winners at local and national contests are chosen by the speed and skill with which they find and fix malfunctions under the hood of a new Plymouth and restore the car to normal operating condition. All teams work on identical cars that have been deliberately tampered with in the same way.

Plymouth Dealers sponsor a two-man team from their local school and make a Plymouth car available to practice on. The teams from the 2,000 participating schools, which have a combined enrollment of 150,000 students taking automotive shop courses, are selected by school instructors.

The Plymouth Trouble Shooting Contest originated in Los Angeles in 1949. It was sponsored by Plymouth Dealers there who sought to recruit young men as mechanic trainees. The annual contest grew in size as educators gave it their support.

Since the contest became national in scope in 1962, scholarships have been awarded to 116 students and full or part-time jobs have been found for more than 15,000 young men.

Nursery Group Plans Registration

IN ROMULUS

ROMULUS — The Western Wayne County YWCA Committee for Romulus is putting together final plans for the preschool nursery center, announced Mrs. Jeannie Ursery, chairman.

At a meeting held Thursday, May 8, sub-committee reports were given and registration dates were set to begin the week of September 22.

Mrs. Patrick Gaynor, of the Cory school area, reported on designs for the informational sheets to be sent to parents describing the service. Mrs. Thomas Michniewicz and Mrs. Gaynor are working together to establish registration procedures.

Mrs. Glenna Waddell, representative from the Mt. Pleasant area, reported a great deal of interest in her community concerning the nursery program with mothers anxiously awaiting a registration date.

MRS. CLARA WILLIAMS and Mrs. Zeffie Beenum of the Beverly School area reported on the plans for obtaining toys for the use of the children, explaining that each child would feel more at home if he could bring a toy of his own to put on the toy shelf. It was also discussed that committee members might begin to collect washable, paintable and repairable toys in preparation for a parents "Fix-up, Paint-up" activity night.

Mrs. Beenum also reported that there might be cooperation between the nursery group and the Headstart program with a sharing of facilities.

Others present were:

Mrs. Michael Barndollar, from the Merriman School area, Mrs. E.W. McNally

Boosters

ROMULUS — Tomorrow, Thursday, May 15, will be the final meeting of the year for the Band and Orchestra Boosters Club, reported Mrs. May Muggleberg, club president.

There will be a review of the year's activities which were climaxed by a Tag Day on Friday and Saturday, May 9 and 10.

Decisions will be made regarding the dispersal of funds and plans made to participate in the Area Council sponsored Band Day on June 7.

representing PTA's Mrs. Ursery, from the Hayti Elementary area, and Miss Aileen Grey, YWCA field staff member, who acted as resource person for the meeting.

Miss Grey said that workshops could be arranged for the mother's who used the nursery service, if they wished. The consensus of the group was that they would like to spend some of their free time in undertakings of an objective nature: crafts related to home decoration, recreation, etc., rather than educational or "self

improvement" activities which are well covered by Adult Education programs through the schools.

Miss Grey pointed out that the YWCA does not seek to duplicate any existing programs. A bowling team was enthusiastically discussed.

PLANS ARE for the nursery to be designed for children from two and one half years to six years of age.

Membership in the YWCA will be the only qualification for any mother wishing to

participate in the nursery or workshop program.

Nursery participation will be governed by the rules of health customary in school

and nursery programs, TB tests and doctors examination for children and chest X ray for mothers, (available free from the Wayne County Health Department).

Huron Valley Girl Scout Cookie Sale Tops 1969 Goal

YPSILANTI — The Huron Valley Girl Scouts took a giant step forward this month toward financing developments at Camp Linden.

A preliminary report just released by Mrs. Kenneth Hulsing, Plymouth, president of the council, showed the 1969 Cookie Sale resulted in a profit for the Council of \$61,394 after taxes.

The money will be used to further pay off the land mortgage, to expand the swimming and boating area, to provide some minor improvements to the site, for some camp program.

Almost 500 Scouts attended resident camp at Linden last summer and 2,000 Scouts use the site each year for year-round troop camping.

IN ADDITION, 200 Livingston County Scouts attended the Camp Linden Day Camp. The site is available for use by Girl Scouts in Washtenaw, Livingston, western Wayne and northern Monroe Counties who comprise the Huron Valley Girl Scout Council.

In addition to the council profit, troops earned \$14,617 profit from the sale. This averages \$51 per Junior,

Cadette and Senior troop to be used for troop camping, service projects, and the purchase of permanent troop equipment.

THE NUMBER of boxes sold in the 1969 sale was 292,356. This is 12,356 boxes over the goal and 34,572 boxes over the 1968 sale.

Once you have the facts, you'll open a Security Time Savings Account!

QUESTION 1: Is there a difference in interest rates?

Answer: No, but there is a difference in the way interest is computed. Our interest rate on time savings accounts, like everyone else's, is 5%. However, ours is compounded continuously! This means that your money is working for you, every minute of every day.

QUESTION 2: How much money do I need to open a Security Time Savings Account?

Answer: Unlike some time savings plans, \$1,000.00 is all it takes!

QUESTION 3: How much money must I deposit in order to add to my account?

Answer: You may deposit \$50 or more in your account, at any time. This is the lowest minimum deposit requirement available in the area!

QUESTION 4: Do you offer a periodic statement?

Answer: We feel it's important for you to know what your money is doing. As a result, at the end of each calendar quarter, you'll receive a statement that shows transactions made and interest earned. At the end of the year, we'll send you a special statement, for tax purposes.

QUESTION 5: What about withdrawals?

Answer: You'll be able to withdraw savings that have been on deposit for a full calendar quarter, during the first 10 days of each succeeding quarter, without notice, or at any time with 90 days advance (the minimum legal requirement) written notice. You'll earn maximum interest until the day of withdrawal.

QUESTION 6: What can I do with interest earned?

Answer: We'll be happy to credit interest to your Security Time Savings Account, another account, or mail you a quarterly check. The choice is yours.

QUESTION 7: What about a passbook?

Answer: You will receive a handy passbook-type folder in which to keep all of your records.

There you have it . . . seven good reasons for opening a Security Time Savings Account. No bank pays more, but one does more!

Set Western Wayne Golf Tourney Date

BY JIM BRADLEY

SALEM HILLS—High School golfers are casting a glance at Friday, May 23, on the calendar as they prepare for the annual Western Wayne Invitational Golf Tournament

co-sponsored by the Associated Newspapers at Salem Hills Golf Course.

And right now it looks like Bob Visor's Livonia Franklin team must be given the favorite's role, while Garden

City West and Cherry Hill are cast as "dark horses." Of course, don't tell that to Garden City East, John Glenn, Wayne Memorial or Belleville. These teams feel they'll be right in there fighting for the beautiful

performance is any indication, it looks like Bill Brandell's boys are in for the exercise and little more. Last week the Tigers lost two league matches after finishing 20th at an invitational meet on Monday afternoon.

Bill Hidenfelter paced the Tigers over the 18-hole test with a 45-49-94 in their four man total of 386. Ypsilanti's talented team took the title with a good 319, followed by Detroit Catholic Central with 332 and Franklin's 339.

Twenty-five high schools participated in the annual event.

Combining with Hidenfelter were Seniors Chris Lorentson 50-46-96, Jim Harrison 47-50-97 and

Bob Zaborowski with hosted Redford Union and lost, 173-200, over the par 36 Fellows Creek layout. Continued on Page 16)

THEY'RE IN FIRST PLACE

Look at Those Eagles

Don't look now, but Romulus' baseball squad is on top of the Twin Valley Conference standings. And Eagle coach, Lowell Johnson, is "afraid" to peek at those standings in fear that his team may come crumbling down.

Romulus climbed to the top last week with back-to-back victories over River Rouge which gave them a 4-1 league record and a half-game edge over Ecorse, which was rained out Friday.

"I'm still not saying anything," said the Romulus coach. "I'll wait until we finish up this week and comment only after that. We

still have Hamtramck and Ecorse ahead of us and anything can happen."

Hamtramck, the only team to beat the Eagles, is in town on Thursday for the return match. The Eagles also were to play Willow Run on Monday, ground conditions and weather permitting.

Romulus socked it to Rouge, 9-5, and 12-6 with Rick Paglia and Lee Ballard also picking up personal victories. Paglia, who's undefeated in the league (3-0) again got off to a shaky start, allowing the Panthers three runs in a wild first inning.

But he settled down and gave up the remaining two in the last frame. He also boun 10 strikeouts and walked one.

The Eagles tied up the game in the bottom half of the first as Leon Janes connected for a two-run round-tripper. Ray Horn led off the inning with a single and got as far as third on the centerfielder's error. Ballard's sacrifice fly brought in the first run and, after Tom Block walked, Janes blasted his first HR of the season.

Romulus broke it open in the second on another homer - this time off the bat of Paul Seestedt, who got a hold of Ron Davis' ball with Horn and Ballard aboard, and sent it over the fence.

Gary Stewart walked, Bill Worden whose fielder's choice wound up as an error, and Horn's single drove in the first runs of the inning.

Horn finished the game with two runs batted in for his three hits, while teammates Seestedt and Janes, aside from their home run blasts, also chipped in two hits.

In a wild-hitting first of two game series, Seestedt collected four for five including a home run. Tom Block, with a HR, single and double; Blaine Capperet, Janes, Horn all had two for four while Worden went two for three, including a double and single, led the assault on three Rouge pitchers.

Capperet's second hit was a three-run round-tripper.

The Eagles put the game away early. After going scoreless in the first inning, they scored three in the second and five in the third to take an 8-2 margin into the fifth frame where they also collected a pair of runs.

Ballard, who struck out eight and walked four, needed help in the sixth when the Panthers got to him for four runs. Paglia came on to put out the fire.

NEW WESTERN WAYNE RELAYS KING--Belleville's Harry Hidenfelter (at right) presents the WW Relays trophy to Bentley High head track coach Ron Fedraw after the Bulldogs captured the coveted championship. The Livonia high school dethroned Wayne Memorial last week to win its second title in the 10 years the meet has been held. Also pictured is assistant Bentley coach Henry Cannon (at left) and Bulldog fans.

Oops, There Goes Those Tigers

An unbelievable seven errors against Bentley cost Belleville and Coach Vitold Kaminskis their second Suburban Six Conference loss of the season. And it may cost them even more a crack at the league championship.

The Tigers dropped back-to-back decisions to Bentley 5-1 which followed their first setback, 1-0, to undefeated Redford Union.

"Those seven errors against Bentley were the most

any of my teams have committed in the nearly two decades of coaching," said Coach Kaminskis whose team now stands at 3-2 in the Suburban Six.

"We can't expect to win ball games by committing seven errors and our infield must settle down if we want to remain in the title race," he said.

Belleville's Bruce Bara, after throwing a one-hitter against Redford Union only

to lose, was also tagged with the Bentley loss. He allowed the Bulldogs seven hits-but those seven miscues were the decisive factor.

Bara worked three and a third innings before giving way to John Yocum who finished up the pitching chores.

Norm Harrington accounted for two of the four hits the Tigers got off of winning pitcher Rod Ockerman. Bara and catcher Gary Gentle collected the other two.

Belleville escaped a shutout in the top of the seventh when Mark Minthorn walked and advanced to second on Harrington's second hit. Steve Burger was hit by a wild pitch and, after Ron Music fanned, Munn grounded out to score the run.

Bara, in throwing his one-hitter against the league leading Redford Union team, struck out nine and walked one. Belleville managed three hits but, again, four infield miscues proved fatal.

Redford cashed in on an infield single and errors in the third inning to score what proved to be the winning run.

If the weatherman cooperates, it will be another busy week for the Tigers and Coach Kaminskis. They have five games scheduled with Allen Park leading off the week. They were to host Bentley last night while Trenton and Wayne are due in town for Thursday and Friday games.

On Saturday, Belleville gets its first taste of the Wyandotte Tournament competition.

Romulus Net Team Evens Score, 2-2

Romulus netmen evened up their Twin Valley Conference record last week with a 7-0 victory over River Rouge. The Eagles, who came the closest to ever whipping perennial tennis power, Hamtramck (4-3) have compiled a 2-2 record in the league and stand 5-5 overall.

Coach Zane Kuryliw's No. 1 singles, Andy Kozarian continued to display fine form as he whipped Cornelius Harrington 6-2 and 6-3. Teammate Woody Barker also found little resistance in the No. 2 singles as he turned back Cleveland Harrington in sets of 6-0 and 6-1.

Dennis Wessel and Larry Schatello made it a clean sweep in the singles. Wessels defeated Lyle Hoggett, 6-3, 6-0, while Schatello stopped Wendell Mit'ell in close sets of 8-6 and 7.

Bob Selle and Pat Fitus combined to form Romulus' winning combination in the No. 1 doubles. They trimmed Dennis Watt and Steve Panesovich 6-4 and 7-5. In the No. 2 doubles, Glenn Hayes and Jim Smith defeated Dave Green and Everett Jenkins 6-2 and 6-1 while Terry Stevens and Rod Barker carded 6-3 and 6-1 victories over Jack McDonald and Doug Arnold.

Smith 2nd in Hurdles at Schafer

Under adverse weather conditions, Romulus' Larry Smith emerged with two silver medals at the Schafer Invitational held Saturday morning.

With rain pouring and the temperatures near the freezing point, Smith managed to run a 15.1 for the high hurdles and also came up with a 21.6 for the lows to place second in both events.

He was the closest to a gold medal than any other area participant.

Romulus also received a fifth place performance from Johnny Wilson who was clocked in 1:59.4 for the half-mile.

How about that Kam White!

It didn't take that "old" track coach to get on his feet into harness, did it? The guys over at the Western Wayne Relays the other day thought they were seeing a ghost when Kam stepped off the bus with his Vikings.

Last week, if you recall, we placed adjective upon adjective in eulogizing the veteran track coach and athletic director at Inkster who suddenly took ill before the Taylor Center meet and was rushed to Annapolis Hospital.

"Reading your column and Barry Basel's comments," says Jerry Summerhays who has the AD chores at Robichaud, "we figured that Kam was due for a long jam session with the docs.

"We dug into our pocket and got flower money together," continued Summerhays. "So, what happens? Who should come strolling by us at the Belleville Relays? None other than Kam White!

"What do you do about a guy like that?" asked Summerhays.

"Nothing, I guess. Maybe thank that "Good Guy" upstairs for his speedy recovery."

Kam, who has been AD and head track coach at Inkster for more years than he can recall, said, "I don't know what triggered the illness, but the docs feel that the ticker was beating too fast."

That's common, isn't it, for men who advocates "speed"?

And speaking for speed-Garden City baseball coach, Bale Dropp is wondering what's holding up his second child. The docs told the Dropps that they could expect the youngster on or about May 3rd.

Here it is May 14th.

Wonder if the Stork wasn't on one of those planes hijacked to Cuba?

Don't worry, Bob. It has to be a girl. Have you ever heard of a girl being on time?

Belleville athletic Director Harry Hidenfelter, one of the instigators of many of the Western Wayne Meets-The WW Relays, WW Swim Invitational, the WW Cross Country, the WW Basketball (which the Associated Newspapers also co-sponsors) wonders if we couldn't establish a "sort of standard medal" for these meets.

"We have done this for our Suburban Six Conference," tells Hidenfelter, "and I feel it could also be done for these meets. It's something unique and I know the athletes would appreciate it."

Let's put that on our agenda for the 1969-70 school year, huh?

Navy Sends S.O.S.

And here's a question which I haven't been able to answer. Wonder if any of you out there can help with this S.O.S.?

Grape Boycott March Makes Peaceful Protest

BY JIM BRADLEY

WAYNE—Clad in just about every conceivable kind of garb and shoes, almost forty grape boycott marchers passed through Wayne around 2 p.m. Thursday on their four day trek from Ann Arbor to Detroit's 3:30 p.m. Kennedy Square rally last Saturday.

Led by Gary Ulrich, Ann Arbor Grape Boycott Co-ordinator, strong legged individuals of diverse backgrounds united in their common cause to publicize the plight of the grape pickers in California.

A heavy-set young man wearing tennis shoes headed the parade on Michigan Avenue through Wayne dragging a large eight-foot cross while those following trudged eastward waving flags and carrying signs.

The 40 marchers were from Lansing, Grand Rapids, Ann Arbor, Ypsilanti and Detroit. Someone in the crowd said four Wayneites joined the march as they

passed through the city. The protest parade continued at 10:30 a.m. Thursday from Ypsilanti after the group stayed overnight at Newman Center.

Ulrich, a post graduate student at University of Michigan, stated the purpose of the march. "We are trying to get people not to buy grapes in order to have the grape growers recognize the United Farm Workers Union. They deserve the same collective bargaining rights that other workers enjoy," he said.

Ruben Alfaro, of Lansing, added: "In 1935 the farm workers were excluded from the National Labor Relations Act and we want to see them get recognized as they should."

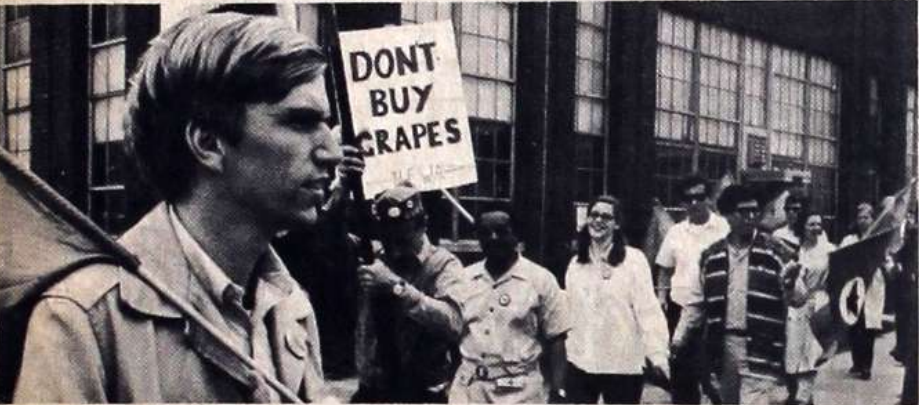

In answer to questioning if the grape pickers really wanted to join the union, Ulrich replied, "Guimarra Corporation, the largest in the country with over 12,000 acres of grapes, had an election and 95 per cent voted to join Cesar Chavez' Union."

Among the walkers was Joanne Jordan of Dearborn, home of state Senator Loraine Beebe. Mrs. Beebe took a trip to California where she studied the situation and claimed the pickers did not want to join the union. However, Miss Jordan and fellow marcher, Sam Stark of Detroit, disagreed with Mrs. Beebe. "No one in Dearborn has compassion for the poor. And as far as Mrs. Beebe goes, we're trying to get her out of office," Miss Jordan, 16th district co-ordinator, explained.

A Wayne Police car sat quietly parked on the side of Michigan Avenue as the marchers passed by and the patrolman said everything had gone peacefully.

The marchers were asked if they had sore feet and all replied yes. A few hecklers along the way was the only thing to bother them.

"Probably the most disappointing thing we've faced today is the warm Kool-aid we had to drink," a young man volunteered.

GRAPES OF WRATH?—Peaceful grape protest marchers stroll down Michigan Avenue East Thursday afternoon on their way to Detroit to take part in last Saturday's meeting in Kennedy Square. Curious onlookers and small shop workers paused to watch the parade pass

Lift up your head

Grape Boycott Hits Home

By ROSEMARY KOZIELSKI

The current boycott of California table grapes is creating a real problem for some suburbanites. They feel the boycott is infringing on their God-given right to eat California table grapes. And if I've heard this story once, I've heard it a dozen times.

Re-examining our priorities has become a national preoccupation since Nixon's inauguration and this might be another area for an American examination of conscience.

On one hand, let's weigh the right of our comfortable suburbanite to buy his California grapes at his local chain store. Keep in mind that he refuses to buy South American or any other kind of grapes the store might have to offer; he has this unsatiable desire for California table grapes.

Now let's balance this "right" on a scale with the right of a Mexican-American or Filipino-American to a decent wage for a reasonable work week; decent home and education for his children; and a reasonable chance for a secure old age, assuming that he makes it past his life expectancy of 46 years.

As it is, migrant farm workers in California work an average of 134 days a year and have an average income of \$1,500 a year. Unfortunately the farmworker may never see even this measly sum, since transportation and room and board may be deducted from it and workers are often at the mercy of contractors who can cheat them out of their just wages.

Of course, with an income of \$1,500 a year it's obvious that the farmworker's wife and as many children as possible have to work too, often at the expense of attending school.

Isn't it strange that most people around here have such short memories. All kinds of people assure us that farmworkers don't want unions; they're happy with the wages given them and this whole thing is being caused by outside agitators.

Maybe there are still a few people around who remember when it was said that the auto workers didn't want unions; they were happy with the wages Henry Ford gave them and the whole thing was being caused by outside agitators like Walter Reuther. Only a few of today's union men really support the grape boycott and they're mostly the old men who remember what it was like; but unfortunately a whole generation of fat, sleek wage earners has grown up who "just don't know" about this grape boycott."

But back to our friend. The only way I can figure out to settle this conflict between the farmworker's right to live like a human being and the suburbanite's right to eat California table grapes would be for the suburbanite to pack up his wife and kids and leave for Delano, turning over his house and job here to a farmworker's family.

I am sure that as he and his family happily picked grapes ten hours a day, six days a week, for \$1.40 an hour, his boss wouldn't mind if he ate a grape now and then. That way he could have his grape and eat it too.

Bentley Trackmen Regain Western Wayne Throne

After a lapse of one year, Livonia Bentley returned to the throne of the Western Wayne Relays, ousting defending champ, Wayne Memorial, and turning back a host of other challengers.

Coach Ron Fedraw's Bulldogs compiled a total of five first places and 38½ points to capture the coveted first place trophy for the third time in four years.

The 10th annual relays, held last week at Belleville, saw new records set in the mile relay and the two-mile run.

Bentley's foursome of Dan Koch, Geff Lane, Mike Fredricks and Joe Chemello posted a 3:25.6 to win the mile relay event while Richard Meyer of Wayne ran a 9:52 for the two-mile to shatter not only the WW mark but also his school record.

Meyer was trailed across the finish line by teammate

fatal third and added another run in the fourth. The Chiefs got their only run in the sixth.

The Huron pitcher worked all seven innings, striking out eight. He walked two.

Michling bagged two of the four Chief hits - both singles in three trips - while Bob Gumtow and Lester Killingbeck socked the others.

If Huron and Coach Smith are to make their move from the cellar they'll have to do it this week. They have three league games on tab. After nonleague rival Annapolis Monday, Tecumseh and Carlson are next on the league agenda. They play Carlson today at home. Blissfield will also be in town Friday while the Chiefs hit the road this Sunday to compete in the annual Wyandotte Tournament.

Gary Schultz who was clocked in 10:03.4.

Bentley also won the pole vault relays with Jack Schramm, Jim Neville and Rick Ducharme who combined for 34 feet, 6 inches. The Bulldog team of Gary Bennett, Dave Sterling and Chuck Genna placed first in the high jump with a total of 16 feet, 10 inches.

Bill Johnston, Mike Day, Steve Anger and Fred Howell were clocked in 59.8 for the low hurdle shuttle relays and Johnston, Day, Jack Schramm and Howell picked up the high hurdle shuttle victory.

Bentley also placed third in the shot put relays with Bob Capuclean, Mike Day and Skip Starboard.

Last year's champ, Wayne, picked up 26 points to finish in the runnerup berth while Robichaud was third (21); Taylor Center, fourth (20); John Glenn, fifth (17) and Cherry Hill (16½) and Livonia Franklin (16½) were tied for sixth.

Following in order of finish were Belleville (15½); Romulus (11); Garden City West (5); Inkster (3); Taylor Kennedy (2) and Garden City East and Annapolis.

Aside from 1-2 performances of Meyer and Schultz in the 2-mile, Wayne also was first in the 440-yard relay where Tom Reesor, Ernie Righetti, Bob Mercado and Jerry Tapp combined for a 44.5.

The Zebras' pole vault team of Ben Cline, Randy Clayborn and Chris Swangarin was also third.

Reesor, Righetti, Mercado and Tapp placed second in the 880-relay with a 1:31.8.

Glenn was shut out from first places but managed a pair of seconds with Paul Chaveriat, Garry Schleicher and Dennis Green in the shot put and the shuttle foursome

of Chaveriat, Green, Greg Hubbard and Bruce Greene.

The Rockets were third in the 880-relay with Schleicher, John McGehee, George Osterhout and Hubbard. The foursome had a 1:32.8 clocking.

Romulus took home the long jump trophy as Warren Bonam, Roy Williams and Dennis Green leaped 62 feet, 6¼ inches for their first place. The Eagles also were third for the low hurdles relay with Williams teaming up with George Doyle, Tony Huffman and Larry Smith.

Belleville also managed to keep one trophy when Allen Fant, Dave Lorentson, Dale Kaulitz and Mike Fant ran a 8:17 even for the 2-mile relay. The Tigers received second place for Larry Merritt, Tony Hall and Garrade Pettus' efforts in the high jump relay.

Pettus, Merritt and Tony Ogletree were awarded third place ribbons for the long jump, and Pettus, Merritt, Ogletree and John Thompson combined their talents for a third place in the high hurdles shuttle relays.

Inkster was third when Michael Bonam, Arthur Thompson, Robert Clintshaw and Amos Page placed the 440-relays.

West also had five points when its four-mile relay team of Don Andersen, Francis Stanisz, Randy Nyrkkanen and Mike Uhelski arrived at the finish line in third while Dave Robinson, Chuck Leach and Ken Kinast were fourth in the pole vault.

Livonia Franklin also made off with a first place trophy. The Pats, using the running skills of Ken Able, Dave Buckman, Jim Kosteva and Dave Collins, captured the 4-mile relay event with a 18:57 performance.

Franklin also tied for second in the high jump

Chamber Chatter

BY THEODORE F. KUCKELMAN
Executive Director
Chamber of Commerce

If you had a bank that credited your account each morning with \$86,400, that carried over no balance from day to day, allowed you to keep no cash in your account, and every evening cancelled out whatever part of that amount you failed to use during the day, what would you do? Draw out every cent, of course!

Well, you do have such a bank and its name is "Time". Every morning, it credits you with 86,400 seconds. Every night it rules as lost what ever of this you have failed to invest to good purpose. There is no going back, no borrowing from yesterday or drawing against tomorrow. So invest your seconds so that they will give utmost in health, happiness and success.

Our newest member into our Chamber is Master Craft Engineering. The president of the company is John Haswell. He is a resident of Belleville and lives on Harmony Lane.

Our Ladies Night was a great success and was enjoyed by all. The entertainment was favorable to all and everyone had a nice time. The lucky lady to win the centerpiece out of approximately 100 was Mrs. Bertha Thompson. Don't recognize the name? Well, how about that nice lady that works at Gambles who is so willing to help you? She resides at 11025 Belleville Road and has been an employee of Gambles for 8 years.

The out of town business man was in the city for a convention. Worn after a few days of intense jollity, he entered the hotel coffee shop and said to the waitress, "I'd like three eggs-scrambled so hard I can't chew 'em. And a glass of warm juice, two slices of burnt toast, and some really cold coffee."

"Are you feeling all right, sir?" asked the bewildered waitress.

"NO!" was the bleak reply. "I'm homesick!"

The Chamber of Commerce roster now has 102, (1969) paid members.

Council Promotes

BELLEVILLE — The Belleville City Council has appointed Mrs. Jean Baumdraher, of 143 North Edgemont, to the post of Deputy City Clerk.

The council's action was in the form of a resolution on motion of Councilman Donald Walters and supported by Councilman Nelson Boone.

Mayor Royce E. Smith, in recommending the appointment stated of Mrs. Baumdraher, (veteran employee at City Hall) "there is always something to sign especially when Clerk Irwin W. Stech is away on vacation or city business, and the appointment is necessary."

DRAWING THE WINNERS--Winners of the Lawnand Garden Fair sponsored by William F. Sells & Son, Inc., Taylor was held May 2, 3 and 4. Officiating at the drawing were left to right Dave Boik, Lori Stevenson, Bob Sell and Edward Sell. See winners in story elsewhere in this issue.

MOTHERS' MARCH SET Dystrophy Month City Proclaims

BELLEVILLE—Mayor
Royce E. Smith has
proclaimed Muscular
Dystrophy Month throughout
Belleville.

The Proclamation called
upon the people of
Belleville to support the
1969 March appeal by
Muscular Dystrophy
Associations of America, Inc.,
the Proclamation was signed
in Mayor Smith's office.

The annual drive, which
begins May 15 and extends
through June 15, seeks funds
to support an all-out research
attack against the crippling,
muscle-wasting disease and to

provide clinic and patient
services.

Some 250,000 Americans
are victims of Muscular
Dystrophy, most of them
children, in whom it is nearly
always fatal. Neither the
cause of the disease nor an
effective treatment for it has
yet been found.

Belleville's Volunteer
Chairman for 1969 is Mrs.
Emmanuel Hilton, 46214
Chatsworth.

Those wishing to help in
this worthwhile cause may
volunteer by calling "March
Against Time" headquarters
at 961-5400.

PROCLAMATION MUSCULAR DYSTROPHY MONTH MAY 15 thru June 15, 1969

WHEREAS, Tragedy has been wrought in the homes of many of our
citizens through the ravages of a mysterious and dreaded disease
Muscular Dystrophy, and

WHEREAS, Muscular Dystrophy has stricken untold numbers of
Americans, a majority of them being children, and has doomed them to
a complete crippling and an untimely death, and

WHEREAS, These victims derive comfort and hope from M.D.A.A.'s
comprehensive program of patient care and research, and

WHEREAS, The only hope for defeating this dreaded disease, lies in
the extensive medical research program being conducted now and
financed by the contributions made to the dedicated volunteers as they
conduct the annual house-to-house campaign known as DYSTROPHY'S
MARCH AGAINST TIME

NOW THEREFORE I, Royce E. Smith, Mayor of Belleville do
hereby proclaim May 15 thru June 15, 1969 to be

MUSCULAR DYSTROPHY MONTH

In Belleville and urge each citizen, as he is able, to join with Muscular
Dystrophy Associations of America, Inc., in the fight to find the cause
and cure of this relentless crippler, hoping all the while that we may not
be too late to spare many who have already been afflicted.

Suspensions Lurk For Unsuspecting

Thousands of Michigan
motorists are needlessly
exposing themselves to
suspension of their driver
licenses and possibly even
tougher penalties because of
a new Michigan law, Secretary
of State James M. Hare has
warned.

"Our Driver Services
Division is beginning to
receive a daily stream of
protests and complaints from
drivers whose licenses have
suddenly been suspended,"
Hare said. "And, we also have
reason to believe that some of
our courts are not properly
acquainted with all
requirements of the new
legislation."

Under the new act, a
motor vehicle law violator is
given a maximum of 40 days
in which to appear in court.
If he fails to appear, the court
notifies the Department of
State which immediately
suspends the driver's license
until the failure to appear has
been settled to the court's
satisfaction.

"SUCH A SUSPENSION,"
Hare pointed out, "has
nothing to do with the
original violation as concerns
other penalties. It is simply
imposed for failure to appear
in court."

When the case is settled,
the court is supposed to
provide the offender with
clearance for reissuance of his
license. This card must be
sent to the Driver Services
Division along with a \$2 fee
for license reissuance.

"For example, a driver's
license is suspended for
failure to appear. Both he and
the police are notified, but
suppose the offending driver
is away from home, or for
some other reason does not
receive his notification. He is
stopped by a police officer
for some minor violation and
is asked to show his driver's
license.

The officer will check it
against his list of suspensions
and the driver is arrested for
operating a car while under
suspension. That means a
mandatory sentence of three
days in jail, a possible fine
and impoundment of his car.

"THE PROBLEM is
becoming more complicated
because of the way some
courts are handling clearances
for reissuance of licenses. We
are now receiving batches of
clearance cards in single
packages from some courts,
without the required \$2 fees
for each card. That forces us
to correspond individually
with the drivers involved and
creates a delay in reissuing
the licenses.

"Meanwhile, these drivers
are under the impression that
they are eligible to drive
again, leaving them wide open
to arrest for driving while
under suspension.

"Without question, it is a
driver's responsibility to
know about this law," Hare
said, "and to understand that
if he ignores a citation his
license is suspended
automatically."
